WELLNESS AND SPA MENU

Wellness is freedom. It's an invitation to explore, to find a clear sense of purpose, to understand what makes life meaningful in pursuit of a healthier and happier you. To live smarter now for a future of living awesome.

Our overarching philosophy, Six Senses Integrated Wellness, provides the best base possible to help you flourish, in tune with your natural flow. From our pioneering experts, doctors and practitioners to our unique blend of high-tech science and high-touch therapies. From the food you eat to the way you sleep, the people you meet and the earth beneath your feet.

Wellness is integrated into your whole Six Senses experience and becomes a joyful way of life.

ENJOY AS PART OF YOUR STAY OR BEFORE YOUR TREATMENT

The many healing benefits of water and heat therapies have been practiced for centuries to warm the body up before cooling it down. This practice reduces muscle tension, relieves pain and stress, boosts the immune system and encourages detoxification. In Roman times the bath house was also a place to meet and connect with people. Fast forward to today's Six Senses spa experiences, which provide an alternative, yet therapeutic, way to ease muscle aches and boost overall well-being. What's more, the muscles will be relaxed and the mind calmer, creating optimum conditions for achieving the best results and truly enjoying your treatments.

Sauna

Allow the dry deep heat to relax your muscles and cleanse your skin. 80 degrees C

Steam room

Tropical rain shower

Take your senses on a journey through the tropics.

Relaxation room
